2. (FOUO) CG was given a copy of the termination memo provided to OACSI by GDIP Staff (incl 1). (From his initial reaction, I think this was the first time he was told of the funding termination).
3. (U) A briefing with options was then presented (Incl 2).
4. (S) CG's philosophy for future activity:

5. (S/NOFORN) CG's guidance for FY 83 program.
 - a. Contact NSA. Determine if we can "borrow" 7 spaces and \$250K for 1 year. We will provide: People, full cooperation, total knowledge, run their operational targets, be overt, i.e. their not identified. (don't give up operational control)
 - b. Contact MG Rappmund, OSG - Determine if we can borrow 7 spaces for 1 year. We will provide the people basis for his R&D effort. (Don't give up operational control).
 - c. Contact MAJ (John) Cook. Read him on to GRILL FLAME. Tell him we need 7 spaces and \$250K for 1 year.
 - d. Contact COL Croft, (DCSRM). Determine what 7 spaces and \$250K does to INSCOM.
